Large garden at its best in Spring. A raised patio by the house with colourful, planted tubs and urns leads to a sweeping lawn, set against a backdrop of mature trees, massiverhododendrons, colourful azaleas, black and green bamboos and a superb Sambucus Nigra. Lush herbaceous border with a mixture of perennials, annuals, and evergreen shrubs chosen for year-round shape and colour variety, together with a magnificent Magnolia Grandiflora.

Two trios of ponds, one trio stocked with fish and beautiful border plants including arum lillies, the other trio at the bottom of the garden linked by a stream and surrounded by a rock garden with alpines and a variety of beautiful acers. A small bridge traverses the stream; the lowest pond is cool and dark, illuminated by glass art.

Weather permitting, the owner, an award-winning artist who has been featured on Sky TV's Painting and Drawing Channel, may paint in the garden and will display a number of flower and garden paintings, including images of Giverney, Monet's fabulous garden, and other beautiful gardens from locations around the world.
